## Professional Summary

Detail-oriented and user-focused Frontend Developer with over 3 years of hands-on experience building responsive, accessible, and high-performing web interfaces using React.js, Next.js, Tailwind CSS, JavaScript, and TypeScript. Adept at transforming UI/UX designs into pixel-perfect applications and collaborating across agile teams to deliver scalable digital products. Passionate about performance, accessibility, and clean, maintainable code.

### Technical Skills

HTML5, CSS3, JavaScript, TypeScript, React, Next.js.  
Tailwind CSS, SCSS, Styled Components  
Git, GitHub, Vercel.  
Responsive Design, Accessibility, SEO, Cross-Browser Support

## Experience

### Frontend Developer | Orstand System Limited(Remote) | 2022 – Present

- Built dynamic React apps, reducing load times and boosting conversions.
- Improved accessibility and optimized SEO using best practices.
- Integrated APIs and collaborated with backend teams.
- Built and deployed a Next.js e-commerce storefront with dynamic routing, SSR, and cart functionality, integrating Stripe for secure payments.
- Collaborated with backend engineers to integrate REST APIs and enhance UI data consistency.

- Implemented CI/CD pipelines with GitHub Actions to streamline deployment.

## **Frontend Developer | ( Ocean Pyramids Lagos) | 2022 – 2023**

- Delivered 10+ mobile-friendly websites using JavaScript and CSS.
- Translated Figma designs into responsive layouts.
- Handled client revisions and basic CMS training.
- Integrated Google Analytics and SEO best practices for improved site visibility.
- Worked closely with UI/UX designers using Figma, translating wireframes into fully responsive websites.
- Managed version control using Git and collaborated via GitHub for pull requests and code reviews.
- Provided basic CMS training to clients and handled post-deployment troubleshooting.

## **Projects**

Travel Planner Web App (React, Context API, OpenWeather API, Tailwind)

Built a responsive travel planner with real-time weather, location bookmarking, and dark mode.

E-commerce Storefront (Next.js, TypeScript)

Created a full e-commerce app with product filters, cart state persistence, and secure payments.

**UI Component Library** (React, Storybook)

Developed a custom design system with reusable
